It's here! WISEPlace launches newly redesigned website

Thank you to UPS for their support of nonprofits in the community and for generously funding this website redesign project.

WISEPlace is proud to launch our newly redesigned website at www.wiseplace.org. We encourage everyone to visit and explore the site so we can showcase our hard work in taking WISEPlace's digital footprint to the next level!

Our new website includes features such as:

- Improved navigation with quick links to dive into the website directly from the home page
- A home page slider to promote services, events and other educational tools.
- Bigger images, more images and more interaction!
- Fully responsive design, suitable for the device of your choosing
- More interaction with our Social Media
- Outreach opt-in
- Easier donation and ticket purchasing modules
- A clear entry point from which you can learn the [Ways to Give](#) to WISEPlace
- More color, more energy, more vibrancy: a true reflection of the WISEPlace story!

The primary objectives of our site development efforts were focused on providing valuable new content, more platform responsiveness for any device and a fresh, new digital face for the organization. Along with making our key messages and core values more evident, we have also added more information on us as an organization. Please check the [About Us](#), [Meet our Staff](#) and [Meet our Board](#) pages. And while you're at it, check out our new purchasing style by visiting the [FLOW](#) event page, where you can buy your tickets to our upcoming *For the Love of WISEPlace Jazz Brunch* in July!

Of course, the launch of our new site is just the starting point. We will be continuing to evolve, improving the content, features and resources available in the near and distant future. And we'll keep you posted along the way!

We hope you enjoy our new website. Please feel free to send us feedback via [Facebook](#), [Twitter](#) or our [website contact forms](#).

Sincerely,

Kathleen Davis Bowman | kathidb@wiseplace.org
Executive Director

Cindy Jacobs | cjacobs@wiseplace.org
